70% of Court-Imposed Fines Returned to Troy

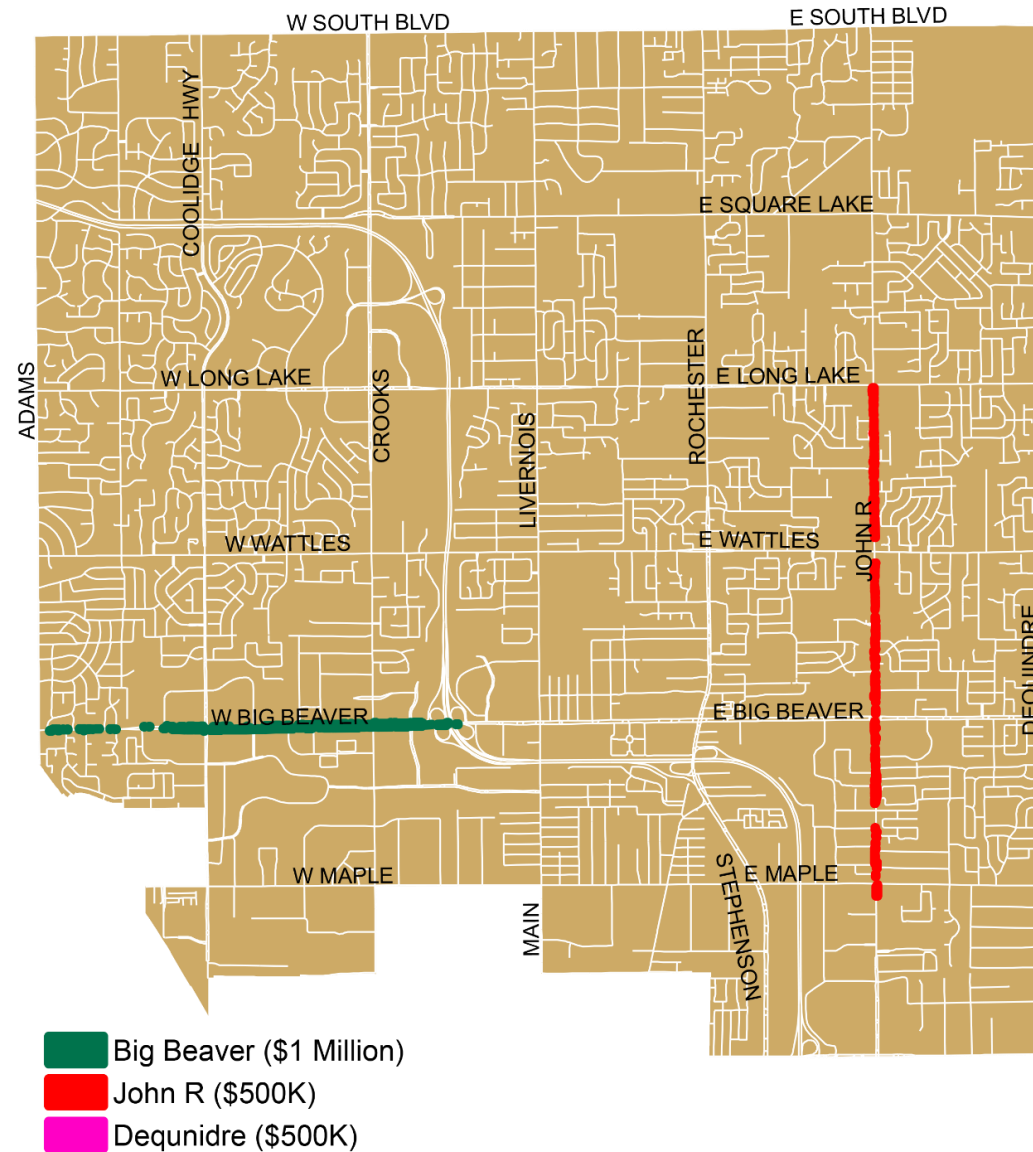

An aerial photograph showing a wide, multi-lane concrete road. The road surface is heavily deteriorated, with several large, irregular potholes and deep longitudinal cracks. The concrete slabs are discolored and show signs of weathering. To the right of the road, there is a snow-covered area, possibly a shoulder or a nearby field, with some debris and patches of snow. The overall scene suggests a need for significant road repair work.

Troy Roads Rock 2015 | Major Roads

An aerial photograph of a multi-lane highway, Big Beaver Road, with several lanes of traffic. A circular inset in the lower right corner provides a close-up view of a significant longitudinal crack in the asphalt road surface. The inset also shows a white SUV driving away on the road and a snow-covered shoulder on the right side.

An aerial photograph showing a section of Long Lake Road and its intersection with Interstate 75 (I-75). A thick orange line is drawn over the road, indicating a project area. The road runs horizontally across the middle of the image. To the left of the road is a large parking lot and some commercial buildings. To the right is a residential area with houses and trees. The highway I-75 runs vertically on the left side of the image.
